Lovely, young, warmblood-type pony showing great potential early in her career. "Maggie" has good ribbons under saddle, miles in Childrens Ponies, and Tricolors in the Baby Green Hunter division. "Maggie" has plenty of step and scope, a smooth and natural style, and is very well started. She received high marks for type and conformation at the North American Sport Pony inspection, along with the notes "elegant filly, sport pony type". Maggie is a very nice mover with an easy and balanced step. She covers the ground in a soft and fluid frame, jumps well from any distance, and has a great front end with a nice slow bascule. Maggie is a comfortable ride, a confident jumper, and easy to stay with over fences. She has lead changes and a good rhythm to find the jumps on. She is a quiet and easy-going pony, eligible for 2011 Greens, and ready for finishing as a quality Large.
