Fancy young hunter that will finish as a lovely Working Hunter, Jr/AO and Derby partner. Imported in 2009 and shown lightly to hack wins out of 16 and top prizes over fences out of 20+. Lovely floating trot and big fluid rhythm at the canter make for a very elegant impression. Lots of scope and a slow, round jump that will shine at the Working heights. Good lead changes, nicely sensitive to the aids, confident and comfortable in the show ring. Nicely started and will enjoy a lengthy and competitive career at the upper levels. Will suit an experienced jr/am that wants to bring along their own quality 3'6" horse, and is a brave and promising contender for the \$10K Derbies.
